

Cable Aluminum Foil | Cable Sheilding Aluminum Foil | Haomei

<u>Cable aluminum foil</u> gives a long-term protection to cable and prevents it from moisture and other naturally occurring elements. Haomei Aluminum foil mainly supplies 1000 series and 8000 series cable wrap foil, and the typical alloy are 1100, 8011, etc.

Haomei cable sheilding aluminum foil have good reflective (up to 98% of light and infrared heat) and barrier properties make it the material in electrical cables, providing long-term protection. It also insulates against magnetic and radio frequency emissions. Cable wrapping aluminum foil provides perfect protection against magnetic fields and radio frequencies.

Typical alloy	8011, 1100			
Temper	0			
Thickness(mm)	0.01-0.3			
Width (mm)	250-1200			
I.D.(mm)	76			
O.D.(mm)	500			
Length (mm)	Coil			
Thickness Tolerance(%)	≤5			
Treatment	mill finish			
Standard	ISO SGS ASTM ENAW			
Price terms	LC/TT/DA/DP			
Packaging	Standard seaworthy export packaging. Wooden pallets with plastics protection for the coil.			

Specification of cable aluminum foil

Chemical Compositions

A.U	E.	0.	0				7		Ni Ti	Otl	ner	
Alloy	Fe	Si	Cu	Mn	Mg	Cr	Zn	NI		Each	Total	Al
8011	0.6~1.0	0.50~0.9	0.1	0.2	0.05	0.05	0.1	-	0.08	0.05	0.15	Remains

Tensile Strength Property

Alloy	Temper	Thickness (Mm)	Test Under Room Temperature						
			Tensile Strength Rm/(N/Mm²)	Elongation %(>=)					
				A50mm	A100mm

Features of cable sheilding aluminum foil

- \rightarrow Protection against naturally corrosive elements
- ightarrow Insulation against magnetic and radio frequencies
- \rightarrow Impermeability
- \rightarrow Dead fold / formable
- \rightarrow Resistant to high temperatures
- \rightarrow Highly machinable
- \rightarrow Lightweight and more cost effective than copper
- \rightarrow Recyclable.
- →Higher dielectric and tensile strength.
- \rightarrow Higher conductivity and tensile strength
- \rightarrow Lower signal attenuation.

Application of cable wrapping aluminum foil:

Mainly used in construction, decoration, packing, printing, cover material, piping, electronic, elements, refrigeration, air condition, automobile, etc.

- \diamond Building insulation
- \diamond Maximising available light
- \diamond Pipework insulation
- \diamond Adhesive tapes
- \diamond Health and safety
- \diamond Ensuring efficient cabling

Our Advantages

- 1. More than 10 years experience in aluminum industry in cable aluminum foil;
- 2. Well experienced working team, advanced production machines;
- 3. Flexible customization per customers' requirement;
- 4. Prompt cost calculating and price quotation;
- 5. Fast delivery on the basis of quality goods.
